# Couple Checkup™

Give your relationship a gift.

## Why take the Couple Checkup?

The Couple Checkup is a research based relationship assessment tool powered by PREPARE/ENRICH, one of the leading couple assessment programs in the world. It will help you discover your strengths as a couple. Strengths are what enable you to enjoy and build a healthy relationship. It will also help you identify and discuss issues that are threatening the vitality of your relationship.

## What feedback do we receive?

Results are private and only available to you and your partner. You'll receive a 17-20 page computer generated Couple Report with your results broken down into relational categories. The content of the assessment and Couple Report will be customized for your unique relationship stage and family structure. You will also receive an extensive Discussion Guide designed to help you discuss your results and learn new relationship skills.

## How much does it cost?

The Couple Checkup costs \$29.95 per couple, but is being offered for just \$19.95 during **Marriage Week** February 7-14th, 2012.
